10 OPPORTUNITIES

1. INVESTMENT PROMOTION AND PRIVATE SECTOR DEVELOPMENT

Rationale:

- Develop the state's investment promotion ecosystem to attract private sector investments to the tune of at least USD 1 billion.

Key Announcements:

- Allocation of ₹20 crore for setting up the Invest Meghalaya Authority to attract investments
- Formulation of the Meghalaya Industrial and Investment Promotion Policy with focus on Patent based industries in green sectors.
- Lucrative incentives to private investors and sectors like Tourism and IT and ITES to be given industry status.
- Formulation of Meghalaya State Investment Promotion and Facilitation Bill, 2024 to ensure ease of doing business.

2. REGIONAL CONNECTIVITY AND BORDER TRADE

Rationale:

- Improving infrastructure and easing the movement of goods can leverage the strategic location at the BBIN corridor.
- The 443 km international border shared with Bangladesh presents a large trade opportunity.

Key Announcements:

- ₹25 crore for infrastructure investments to facilitate border trade in 2024-25.
- Initiatives like the BBIN corridor and Land Custom Station upgradation to boost trade with Bangladesh.
- Road map for improving logistics and reducing trade barriers between Bangladesh and Meghalaya to be implemented.

10 OPPORTUNITIES

3. IT AND ITeS- MEGHALYA AS A TECH HUB

Rationale:

- Young demography with sufficient technical skills combined with the temperate climate make Meghalaya the ideal location to develop the tech hub of Northeast.

Key Announcements:

- ₹149 crore for IT sector development in 2024-25.
- The Tura Tech Park sanctioned at a cost ₹ 127 crore
- The Second Phase of the Park is under development in New Shillong Township with an investment of ₹ 114 crores.

4. ECONOMIC EMPOWERMENT AND ENGAGEMENT OF WOMEN

Rationale:

- Meghalaya's women have historically worked shoulder-to-shoulder with their male counterparts and contributed towards economic growth.
- The sharp increase in the number of self-help groups in last the last 5 years from just 60,000 women in 2018, to 4.37 lakh members is a testament to women's contribution to the state's economy.

Key Announcements:

- ₹ 5,271 crore allocated for 2024-25 for empowering the women as presented in the gender budget.
- New program for providing funding support and for structured engagement with women's networks.
- Allocation of ₹ 389 crore for strengthening SHG network under NRLM.
- Target to create women led enterprises with collective valuation of 1 billion US Dollar

10 OPPORTUNITIES

5. URBAN TRANSFORMATION

Rationale:

- Urban centres of Meghalaya contribute more than 40% of the State's GDP
- Development of urban centres will play a pivotal role in driving the State's economic growth

10. A CARING AND EMPOWERING STATE

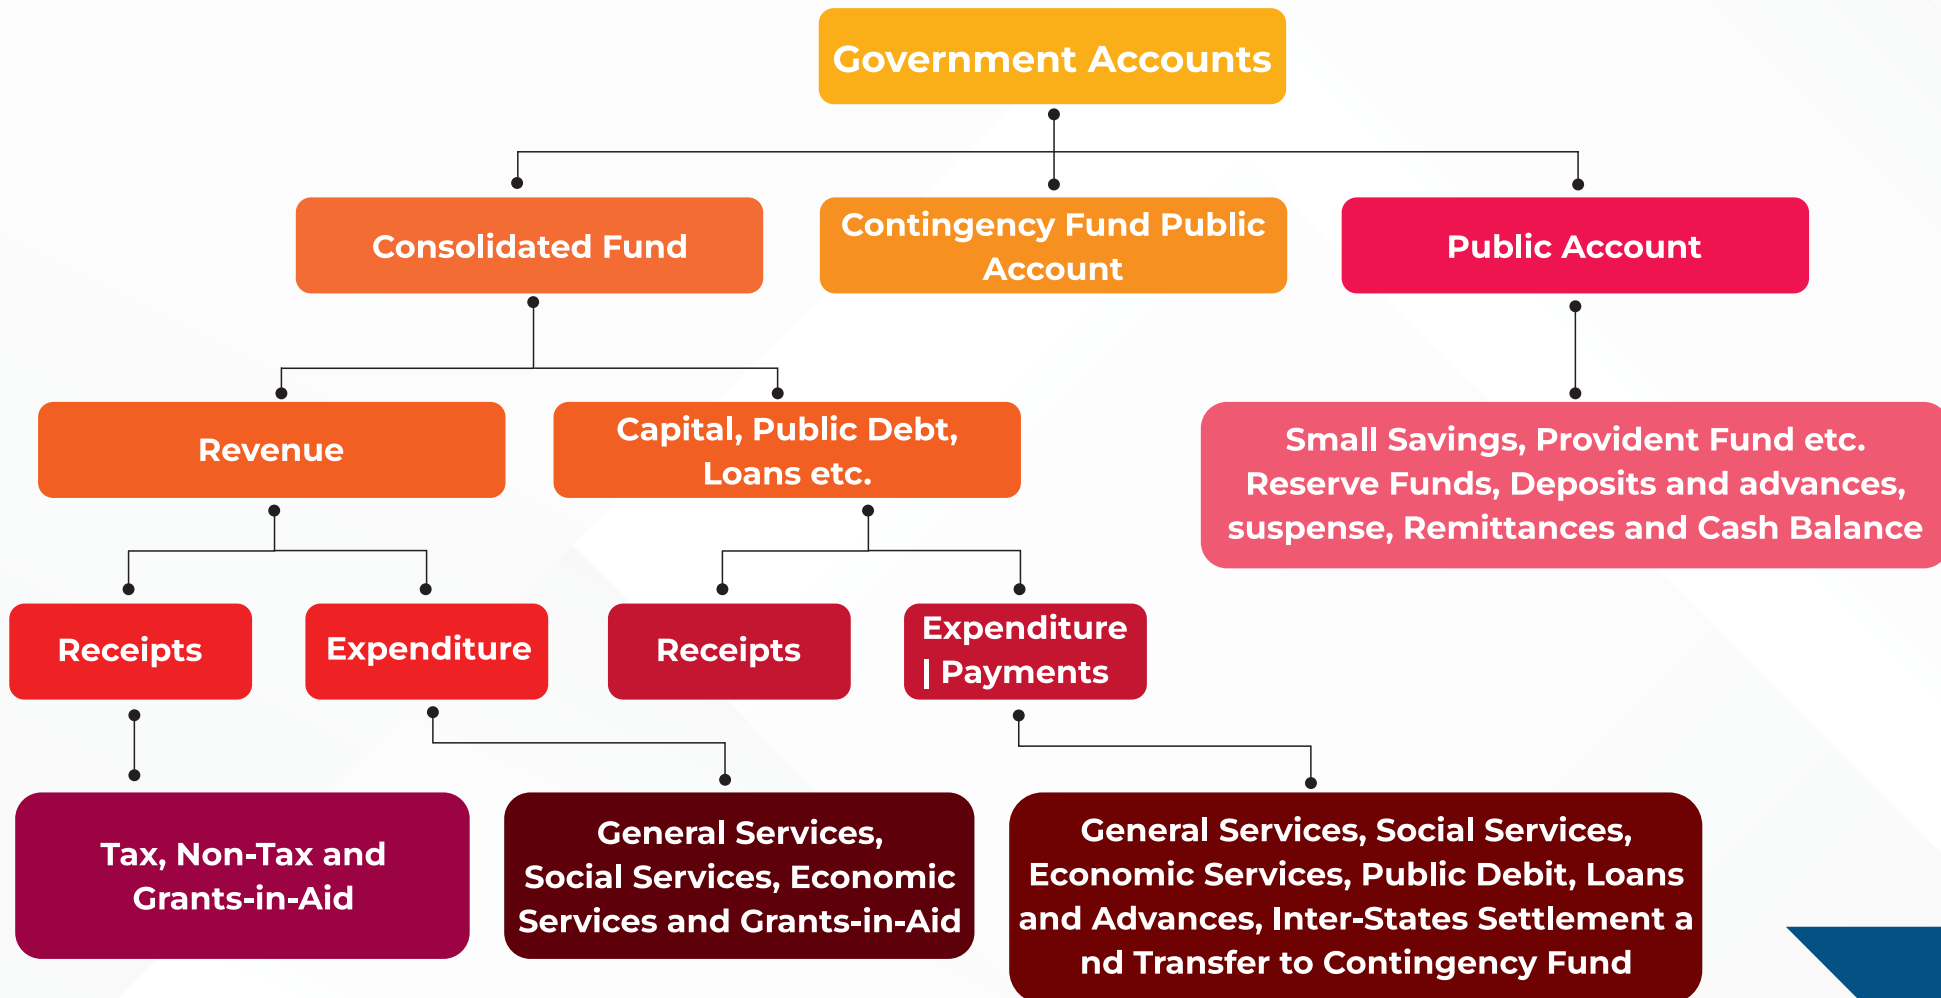

- Allocation of INR 100 Cr to the critical CM-CARES program to ensure sustained support to vulnerable communities.

BUDGET: GLOSSARY OF TERMS

Budget : A budget is a statement of allocation of (scarce) resources to achieve government's objectives for a specific time period. It is a financial plan for how the Government will receive and utilize resources (funds) in a particular fiscal year. A Budget supports better accountability in the use of public funds; and helps in the prioritization of public functions to which scarce resources require immediate allocations

STRUCTURE OF GOVERNMENT ACCOUNTS

TYPE OF RECEIPTS & EXPENDITURE

Tax Revenue

Comprises taxes collected and retained by the state and State's share of union taxes under Article 280(3) of the Constitution.

Non- Tax Revenue

Includes interest receipts, dividends, profits, oil royalty & forest royalty etc.

Grants- in- Aid

Essentially, a form of Central Assistance to the State Government from the Union Government. Includes 'External Grant Assistance' and 'Aid Material and Equipment' received from foreign governments and channelized through the Union Government. In turn, the state Governments also give Grants-in-aid to institutions like Autonomous District Councils, Panchayati Raj Institutions, Autonomous Bodies etc.

Revenue Receipts

Revenue Receipt can be defined as those receipts which neither create any liability nor cause any reduction in the assets of the government. They are regular and recurring in nature and the government receives them in the normal course of activities.

Capital Receipts

These are loans raised by the Government from the public (these are termed as market loans), borrowings by the Government from the Reserve Bank of India and other parties through the sale of Treasury Bills, the loans received from Foreign Government and Bodies, disinvestment receipts and recoveries of loans from State and Union Territory Governments and other parties. Expenditure is classified as Revenue Expenditure and Capital Expenditure.

Revenue Expenditure

Revenue Expenditure is an amount to meet the day-to-day running of the Government departments and for rendering of various services, making interest payments on debt, meeting subsidies etc.

Capital Expenditure

Capital Expenditure is an amount to create permanent assets, or to enhance the utility of such assets, or to reduce permanent liabilities. Example of capital expenditure are acquisition of assets like land, buildings, machinery, equipment, investments in shares etc.
