Executive Summary

The Government of Meghalaya is dedicated to fostering economic and human capital growth, with a vision to elevate the State among the top ten in the country by the end of the decade. Central to this vision is the Meghalaya Youth Policy 2021, which outlines pathways for youth to achieve their potential through creativity and skill development. Engaging and empowering young people leads to cohesive, resilient, vibrant, and democratic societies. The youth are pivotal to achieving inclusive growth and sustainable development.

Budgets serve as financial Statements and blueprints for the Government's policies and objectives. The youth budget specifically addresses the financial planning, allocation, and management aimed at meeting the needs and priorities of young people in the State. It provides an overview of resources dedicated to youth-related programs and initiatives, highlighting their impact on the overall development and well-being of the youth.

In alignment with the directives of the Meghalaya Youth Policy 2021, the Government has developed various programs to empower youth with the necessary knowledge, skills, and opportunities to excel and make meaningful contributions to society. A key initiative of this policy is the Youth Budget, which promotes transparency and accountability in public spending on youth-related initiatives. First published in 2022-23, this is the fourth edition of the Youth Budget for the financial year 2025-26.

The Youth Budget for the financial year 2025-26 has been prepared using a 4-step methodology. The total expenditure on youth in Meghalaya has increased from ₹2853.29 Crores in 2024-25 to ₹3328.61 Crores in 2025-26 (budget estimate), reflecting an 16.6% increase in the allocated budget. The Education Department remains the highest contributor to the Youth Budget, followed by the Planning, Investment Promotion and Sustainable Development Department, the Community & Rural Development Department, and the Department of Sports and Youth Affairs.

In the recent past, Meghalaya has made significant strides in youth empowerment initiatives. Various schemes and programs, such as the Youth Empowerment Support Scheme (YESS), Promotion and Incubation of Market-driven Enterprises (PRIME), and the Meghalaya Youth Exchange Programme (MYEP), have been implemented and their success stories studied, indicating effective utilization of the allocated budget. Additionally, the 6th edition of the Meghalaya Games has seen remarkable participation, including nine young athletes from the School and Centre for Hearing Handicapped Children, showcasing the State's commitment to inclusive growth and youth development.

1. Introduction

1.1 Shaping Meghalaya's Future

The Government of Meghalaya is committed to fostering economic and human capital growth, aiming to elevate the State to a \$10 Billion economy by end of 2028. Central to this goal is nurturing the youth, who are pivotal for transformative change and innovation. The young population in Meghalaya is a critical resource, poised to drive social, economic, and technological advancements.

Recognizing their significance as future leaders, innovators, and entrepreneurs, it is essential to address their needs comprehensively. Engaged and empowered youth contribute to cohesive, resilient, vibrant, and democratic societies. However, globalization, technological advancements, and socio-economic challenges expose them to risks such as unemployment, substance abuse, and health disparities.

Therefore, it is crucial to plan, implement, and evaluate youth-centric programs that foster holistic development and active citizenship. Establishing a dedicated youth budget ensures effective resource allocation towards targeted interventions and programs, empowering the youth to realize their potential as active contributors to State's progress and development.

In essence, Meghalaya's growth is intrinsically linked to the empowerment of its youth. With the Government's unwavering support, the young people of Meghalaya are well-positioned to overcome contemporary challenges and drive the State towards a prosperous future.

1.2 The State's response for Youth Empowerment

The Meghalaya Youth Policy 2021 outlines pathways for youth to achieve their potential through creativity and skill development, ensuring they become engaged, responsible, and empowered members of the community. This policy aligns with the Government's vision of transforming the State into one of the top ten in the country in terms of GSDP per capita and Sustainable Development Goals ranking. It prioritizes skill development and ensures that every youth has access to livelihood opportunities.

Notified by the Sports & Youth Affairs Department, the policy is modeled after the National Youth Policy 2014 by the Ministry of Youth Affairs and Sports, Government of India. It focuses on youth inclusion and engagement, defining youth as individuals aged 15-29 years. As per latest estimates, this age group has a population of **over 11.11 Lakhs and constitutes 30.6 percent of the State's population**, which is higher than the national average¹. Investing in the early years of children's lives is essential for their future success. Additionally, our Youth policy, therefore, takes a broader approach by targeting individuals aged 5 to 29 years.

In addition to the youth policy, the Meghalaya State Sports Policy 2019 aims to promote active participation in sports and physical activities, fostering a sporting culture and healthy lifestyle. The policy includes objectives such as developing sporting talent, providing organizational support and infrastructure, and offering incentives and career opportunities in sports.

Entrepreneurship is also a key focus, with initiatives like the Meghalaya Institute of Entrepreneurship (MIE) and the PRIME (Promotion and Incubation of Market-driven Enterprises) program. These initiatives aim to facilitate rapid economic transformation by

¹ Age wise youth population in Meghalaya as per the Department of Statistics and Economics 2019, Annexure 1.0 of Meghalaya Youth Policy 2021

promoting micro and small enterprises, providing entrepreneurship education, and supporting aspiring entrepreneurs through market access, skill development, technology, and credit linkages.

Moreover, the policy emphasizes the importance of cultural and musical initiatives. The Meghalaya Grassroots Music Project (MGMP) is a notable example, providing platforms for local musicians to showcase their talents and gain visibility. This initiative supports the preservation and celebration of Meghalaya's rich cultural heritage, encouraging youth participation in creative arts such as music, dance, and theater. Through these efforts, the policy aims to create a vibrant cultural ecosystem that contributes to the holistic development of the youth and the State.

These initiatives, are designed to create a supportive environment for the youth of Meghalaya, enabling them to realize their full potential and contribute to the State's socio-economic development.

1.3 Defining the Youth

Groups of young people based on their specific needs are identified in the **Meghalaya Youth Policy 2021**. The strategies and interventions have been devised as per these groups. The identified groups are as follows;

01	Students and Non-students	Socially and economically disadvantaged youth	05
02	Rural and Urban	Differently abled youth	06
03	Male and Female	Vulnerable youth	07
04	Ethnic and religious minority youth	Migrant/ Emigrant Youth	08

The Youth Budget also focuses on 08 thrust areas for action based on the vision and objectives of Meghalaya Youth Policy 2021 devised under the Policy. These thrust areas are identified with specific reference to the situation obtaining in a State and resources, both human and material, available. These identified thrust areas for Youth development are as follows:

1	Early Interventions	5	Excellence in Sports
2	Education	6	Arts & Creativity
3	Health & Wellbeing	7	Leadership, Inclusion & Engagement
4	Skill Development, Employment, Entrepreneurship	8	Environment Consciousness & Social Responsibility

Key Thrust Areas	Description
Education	The Youth Policy of Meghalaya places a strong emphasis on providing quality education to all young people, including those in marginalized and rural communities. It focuses on enhancing vocational training and skill development programs to improve employability. Additionally, the policy promotes digital literacy, integrating technology into education to prepare the youth for the digital age.
Health	Health is a critical sector in the Youth Policy, with initiatives aimed at promoting physical fitness and healthy lifestyles among the youth. The policy also addresses mental health by providing support and counseling services to tackle issues like stress and anxiety. Ensuring accessible and affordable healthcare services for all young people is a key priority.
Employment	The policy aims to facilitate job creation through various Government and private sector initiatives. It encourages entrepreneurship by providing support for startups and small businesses. Career counseling and guidance services are also emphasized to help youth make informed career choices and navigate the job market effectively.
Sports	Sports development is a significant focus, with efforts to build and upgrade sports facilities across Meghalaya. The policy aims to identify and nurture sports talent through training programs and competitions. Inclusive participation in sports is promoted, ensuring that differently-abled youth also have opportunities to engage in sports activities.
Art & Creativity	The Youth Policy promotes the preservation and celebration of Meghalaya's rich cultural heritage. It encourages youth participation in creative arts such as music, dance, and theater. Cultural exchange programs are facilitated to broaden the horizons of young people and foster a deeper understanding of diverse cultural practices.

2. Mainstreaming Youth-centric Budgeting

Budgets serve as financial Statements and outlines of the Government's policies and goals. The Youth Budget specifically addresses the financial planning, allocation, and management aimed at meeting the needs and priorities of youth in Meghalaya. It provides an overview of resources dedicated to youth-related programs and initiatives, highlighting their impact on the overall development and well-being of the youth.

Recognizing the diverse challenges faced by young people, it is essential for the State budget to strategically allocate resources across various sectors such as health, education, employment, and awareness. Investing in youth-centric programs that foster skill development, entrepreneurship, and innovation will not only empower the youth to thrive but also contribute to the overall socio-economic progress of Meghalaya.

Additionally, initiatives aimed at promoting social inclusion, healthcare, accessibility, and mental well-being are crucial for the holistic development of the youth. Meghalaya's youth budgetary decisions take these aspirations into account, ensuring comprehensive development for the State and its people.

2.1 Objective of the Youth Budget

The Youth Budget for the fiscal year 2025-26 has been prepared with a keen focus on addressing the specific needs of the youth. Through the budget analysis, the Youth Budget aims to achieve the following objectives;

To determine nature of allocation of funds for the youth in the state

To identify youth specific/supportive schemes and programs proposed by various departments

To facilitate informed planning and budgeting of programmes and schemes, both direct and indirect, that help improve the status of youth

To ensure transparency and accountability of public spending on youth

To facilitate convergence between all departments in promoting youth related schemes and programmes

To strengthen the capacity of government officials to incorporate youth needs in planning and evaluation at all levels

2.2 Process and Methodology of the Youth Budget

The Youth Budget is prepared based on the 4-step methodology, the allocation of Youth Budget for the financial year 2025-26.

PROCESS

METHODOLOGY

IDENTIFICATION 	Government of Meghalaya budget team identifies the list of schemes and programmes supporting youth and items (grants, sub-head items, etc.) are mapped from the State budget						
CONSULTATION 	Post identification, in-depth discussions are initiated by budget team of the Government of Meghalaya with the departments to understand the rationale of scheme, proportion of allocation to youth, etc.						
CATEGORISATION 	After consultation, items such as schemes, programmes of various departments are categorized into the following:<table><tr><td>Part A</td><td>100% allocation for youth</td><td>This part of the Statement includes youth specific programmes with 100% allocation for youth</td></tr><tr><td>Part B</td><td>30%-99% allocation for youth</td><td>This part of the Statement includes pro-youth schemes with at least 30% allocation for youth</td></tr></table>	Part A	100% allocation for youth	This part of the Statement includes youth specific programmes with 100% allocation for youth	Part B	30%-99% allocation for youth	This part of the Statement includes pro-youth schemes with at least 30% allocation for youth
Part A	100% allocation for youth	This part of the Statement includes youth specific programmes with 100% allocation for youth					
Part B	30%-99% allocation for youth	This part of the Statement includes pro-youth schemes with at least 30% allocation for youth					
ANALYSIS 	Post categorization, the State budget is analyzed by the team to understand the fund allocation, trends, etc.						

Note: As the exercise for preparation of this budget was undertaken, last year's budget was thoroughly analyzed; scheme/programme wise and all the relevant heads of expenditure were captured into respective categories subjectively. New schemes/programmes were added based on the analysis and some schemes/programmes were discontinued as they are no longer relevant. For the comparison to be uniform, the calculations across the budget are done maintaining the list of items identified this year.

3. Analysis: Youth Budget FY 2025-25

3.1 Budget Overview

Budgets represent a comprehensive financial outlining of the allocation, expenditure, and priorities for a fiscal year. Consequently, any discourse regarding the execution of the programs and policies necessitates scrutiny through the lens of budgetary considerations. Such evaluation shall facilitate overall scheme functionality and highlights prevailing gaps in implementation.

The total expenditure on youth of Meghalaya has **increased from ₹ 2853.29 Crores in 2024-25 to ₹ 3328.61 Crores in 2025-26 (budget estimate), an increase of 16.6% in the budget allocated.** The **Youth Budget constitutes 11.09% of the total State Budget for FY 2025-26.**

Figure 1: Budget Comparison

3.2 Department-wise Allocation

In terms of total allocation for Youth, **Education Department is the highest contributor with an allocation of ₹ 1316.72 Cr (40% of total youth budget)** followed by the Community & Rural Development Department at ₹ 419.47 crores (13% of total youth budget), the Department of Sports and Youth Affairs at ₹ 399.26 Crores (12% of total youth budget), Health and Family Welfare at ₹ 345.48 Crores (10% of total youth budget) and the Planning, Investment Promotion and Sustainable Development Department at ₹ 314.20 crores (9% of total youth budget). The share of other departments is ₹ 533.47 crores (16% of the total youth budget).

For FY 2025-26, **Part A allotment which is 100% budget allocation for youth is ₹ 1901.70 crores.** This is a 24% increase from the FY 2024-25 budget estimate. Similarly, **Part B which**

is 43% of the budget allocation for youth stands at ₹ 1426.91 crores. This is 73% higher than the FY 2024-25 budget estimate. This signifies focused allotment to youth-centric program and initiatives through increased allocation in both Part A and B.

Figure 2: Department-wise Budget Estimate FY 2025-26

For Part A, the highest allocation is with the Education department at ₹ 1076.52 Crores, followed by the Department of Sports and Youth Affairs at ₹ 399.26 Crores. The following chart represents the department-wise allocation of Part A:

Figure 3: Department-wise Budget Estimate Part A FY 2025-26

For Part B, the highest allocation of the budget estimate is with Community & Rural Development Department at ₹ 411.79 crores followed by Health and Family Welfare Department at ₹ 292.05 crores, Education Department at ₹ 240.20 crores. The following chart represents the department-wise allocation of Part B:

Figure 4: Department-wise Budget Estimate Part B FY 2025-26

The below table shows the youth budget allocation department wise and provides their respective allocation to Part A, Part B.

Department	Part A (In Crores)	Part B (In Crores)	Total Youth-BE FY2026

Election		₹ 0.14	₹ 0.14
Mining And Geology	₹ 0.06		₹ 0.06
Housing		₹ 0.06	₹ 0.06
Grand Total	₹ 1,901.70	₹ 1,426.91	₹ 3,328.61

4. Investing in Youth, Reaping Global Success

Under the visionary leadership of Honorable Chief Minister Shri. Conrad K Sangma, Meghalaya has witnessed remarkable strides in youth empowerment initiatives. The Government is currently working towards the implementation of the policy to realize its vision of Youth Development. The major areas of the work can be defined in two parts;

- Development and implementation of State schemes and programmes for Youth Development
- Effective implementation of Central Government's Youth Focused Scheme

As Stated earlier, The Meghalaya Youth Policy 2021 focuses on 08 thrust areas for action, aligning with its vision and objectives. State Initiatives & programmes for youth development have been organized in the following sub-sections according to these thrust areas, highlighting the State's commendable achievements and the effective allocation of resources towards holistic youth development. Additionally, the initiatives and programs launched by the Government are intended to engage the youth across all thrust areas of the Youth policy, providing them an opportunity and platform to enact meaningful change in the society.

4.1 Building Youth Foundations: Early Interventions & Education

Thrust Area 01: Early Interventions; and Thrust Area 02: Education

Early intervention and education as thrust areas are crucial for youth development from a Government perspective as they lay the foundation for lifelong learning, skill-building, and positive approach.

4.1.1 Meghalaya Youth Exchange Programme

Through strategic investment in youth development, Meghalaya has unlocked new horizons for its young leaders. The International Exposure Youth Programme, funded through the State's youth budget, became a life-changing opportunity for 24 exceptional

youths from 12 districts. Selected from over 600 applicants, these young ambassadors showcased Meghalaya's spirit on the global stage in Jakarta and Bali, Indonesia.

Immersed in cultural exchanges, leadership forums, and international networking, they gained firsthand experience in global best practices. From exploring Indonesia's rich traditions and innovative industries to engaging in high-level discussions on entrepreneurship and technology, the journey broadened their perspectives. Thrilling adventures like parasailing and witnessing the majestic Kintamani volcano further enriched their experience, reinforcing their confidence and adaptability.

More than just an exploration, this initiative has equipped them with the vision and leadership to drive Meghalaya's future. As they return, they bring not just memories but actionable insights, ready to implement change and contribute to the State's progress.

This success story is a testament to Meghalaya's commitment to youth empowerment. By prioritizing strategic investments in young leaders, the State is fostering a generation ready to take on global challenges and lead Meghalaya towards a brighter future. A budget of ₹5.5 crores has been allocated for this initiative for FY 2025-26.

Our youth, our future—leading the way!

Meghalaya Nurses make history on Meghalaya Day

On Meghalaya Day 2025, the State celebrated a historic milestone as six nurses from Meghalaya officially began their careers in Singapore, becoming the first-ever batch from the State to secure formal placements in Singapore's renowned healthcare sector.

Facilitated by the Meghalaya State Skills Development Society (MSSDS) under its Overseas Placement Initiative, this achievement highlights Meghalaya's growing reputation for producing skilled healthcare professionals recognized on the global stage.

The nurses successfully cleared the Singapore Nursing Board (SNB) approval process before joining Vanguard Health Care Group, a leading healthcare provider. Their success reflects both their personal dedication and the quality of training under Skills Meghalaya.

As of January 2025, 33 nurses from Meghalaya have secured overseas jobs across Japan and Singapore, contributing to higher household incomes and bringing back valuable international exposure to their communities. That this milestone happened on Meghalaya Day made it even more special — a powerful symbol of youth potential, global opportunities, and Meghalaya's rising global footprint.

4.2 A Holistic Approach for Youth - Health, Skill, & Leadership Development

Thrust Area 03: Health & Wellbeing, 04: Skill Development, Employment, Entrepreneurship & 07: Leadership, Inclusion & Engagement

Focusing on health and wellbeing, skill development, employment, as well as leadership, inclusion, and engagement, nurtures a thriving society built on opportunity, innovation, and collective prosperity.

4.2.1 Skills Meghalaya

Since its launch in 2022, the Skill Meghalaya initiative has made significant strides in empowering the youth through targeted skill development programs.

1. **95 Local Training Providers** have been empaneled, leveraging the wealth of local expertise to cultivate a self-reliant ecosystem. Through this program, not only have **95 entrepreneurs been empowered and established**, but these Training Providers have also **generated at least 950 jobs**, significantly contributing to the local economy and fostering broader community development.
2. **8,991 young individuals** have been provided access to training across 127 demand-driven trades, specifically designed to align with local employment opportunities and native sectors for self-employment.
3. **Job Placement: 635** have successfully secured placements in various job roles, earning an **average salary of INR 7,625 per month**.
4. **Self-Employment:** A substantial portion of the beneficiaries, **4,093 youth**, have engaged in self-employment activities, with an **average monthly income of INR 6,437**.
5. **Start-Up Tools:** To support these self-employed individuals, 4,931 youth have received start-up tools, essential for launching and sustaining their businesses. The Government has invested INR 1.97 crore specifically for these tools, ensuring that the beneficiaries are well-equipped to succeed in their ventures.

To date, **the Government has invested INR 7.0 crore in this initiative**. Combining the annual direct income generated by the beneficiaries is approximately INR 37.4 crores. This figure represents a significant return on the Government's INR 7.0 crores investment, indicating that the program is on track to pay for itself within a few years, especially considering the ongoing income generation by trained individuals.

The Skill Meghalaya initiative for the 2024-25 period aims to equip 26,000 beneficiaries with vital skills, driving significant socio-economic impact across the State. The Government has earmarked an impressive budget of INR 53.35 crores solely for training costs, reflecting its commitment to providing high-quality, accessible training. Additionally, INR 31.2 crores has been allocated for start-up tools, ensuring that those venturing into self-employment are

well-equipped to succeed. The program's anticipated outcomes are both ambitious and impactful:

- **29% Placement Rate:** Approximately 8,657 individuals are expected to secure formal employment, with an average monthly income of INR 12,762.
- **69% Self-Employment Engagement:** Around 20,597 beneficiaries are projected to embark on self-employment ventures, generating an average monthly income of INR 12,731.
- **Income Range:** The expected monthly income for these beneficiaries varies between INR 7,000 and INR 19,533, reflecting the diverse opportunities available across different sectors and skill levels.

By 2025, this initiative is set to have approximately 29,253 youth gainfully engaged in income-generating activities, with an average expected monthly salary of INR 12,725. This translates to a substantial economic contribution, with an estimated total earning of INR 37.2 crore. Beyond just numbers, this program is about transforming lives—empowering young people with the skills and opportunities they need to build prosperous futures while driving the State's economic growth.

4.2.2 Promotion and Incubation of Market-driven Enterprises (PRIME)

Launched in 2019 by the Government of Meghalaya, PRIME is dedicated to uplifting and promoting entrepreneurs across the State. PRIME has been a key driver in promoting entrepreneurship in Meghalaya, offering a range of initiatives across multiple areas including Incubation, Business Facilitation & Convergence, Entrepreneurship ecosystem development, and Funding.

Incubation:

The flagship initiatives, the Chief Minister's E-Champion Challenge, and the PRIME Incubation Program, have played a pivotal role in identifying and nurturing promising entrepreneurs. Through rigorous pitching competitions, the program has selected and incubated a total of 202 entrepreneurs across four editions, with Cohort 4.0 currently underway and CMECC 5.0 in the pipeline.

Business Facilitation & Convergence

PRIME Business Facilitation & Convergence is a dedicated team that empowers entrepreneurs at every stage of their journey. From providing support for walk-in inquiries and new ideas to facilitating connections with essential resources. The team offers comprehensive assistance, including training needs, market connections, compliance guidance, and connections with Government departments.

Entrepreneurship ecosystem development

Since 2022, the PRIME Startup Hub Meghalaya has promoted innovation and entrepreneurship by partnering with academic institutions. This has led to regular Entrepreneurship Development Programs (EDPs) that nurture new entrepreneurs and startups. Additionally, Faculty Development Programs (FDPs) at institutions like IIT Delhi's FITT and IIT Hyderabad's T-Hub equip faculty members overseeing entrepreneurship cells with enhanced management skills, enabling them to better support and mentor future entrepreneurs.

The key Stats are as follows:

#	Description	Numbers
1	Beneficiaries	6723
2	Entrepreneurs Incubated	327
3	PRIME Rural Fellowship supported Entrepreneurs	185
4	Mentoring Hours	1250
5	Employment Generated	2301
6	Funded Entrepreneurs	775
7	Academic Supported	15
8	PRIME Registered Startups	1152

4.2.3 Youth Empowerment Support Scheme (YESS!)

YESS! Meghalaya is an initiative undertaken by the Government of Meghalaya to create one of the most impactful youth development support systems by providing monetary assistance to the youth organizations up to ₹ 1 lakh to ensure greater success and impact across more communities. It is aimed at empowerment of youth clubs/organizations at grassroots level and to positively channelize energies of youth. For FY 2025-26, the total allocation is about ₹20 crores.

Rikchi N Sangma, member of A'chik Socio-Cultural Club

YESS Meghalaya is a scheme under the Meghalaya Govt which provides a good platform for the youth of the State, with the motive to give opportunities to the youth through youth clubs, and bring out the talents of the youth. The club had applied to the scheme in the 1st phase and received Rs 60,000 from the Government under the scheme with which they organised different traditional games to promote the preservation of culture, traditional games, attire and so on. In the 2nd phase, they have applied for a different project targetting drug abuse awareness, and upon approval, the club wishes to organise awareness campaigns about substance addiction, and help in the rehabilitation of abusers. The club is positive that there will be many more such opportunities for the youth in future and thanks the Meghalaya govt, and the Chief Minister of the State for bringing such schemes to the people.

4.2.4 Success Story of Chief Minister Youth Centres (CMYC) initiative

Tibaris Sawkmie, a 24-year-old mother of four from Nongwah, Meghalaya, is redefining entrepreneurship with her passion for natural hair care. Alongside her friend Shalanda B. Khyriem, she embarked on a journey to create organic shampoos infused with Khasi herbs and medicinal plants. In 2024, their dedication earned them a nano grant of INR 30,000, which they used to develop four variations of organic shampoo, each addressing common hair concerns like dandruff, hair fall, dryness, and oiliness. Their venture not only promotes traditional herbal knowledge but also empowers them as businesswomen, proving that with determination and innovation, success is within reach.

4.3 Sports as a Pathway to Excellence

Thrust Area 05: Excellence through Sports

Embracing excellence through sports cultivates discipline, determination, and camaraderie, shaping individuals into champions of success and ambassadors of positive change.

4.3.1 Grassroots to Elite: The Development of a Sporting Ecosystem

The STAR Program represents the pinnacle of the State's ongoing efforts to cultivate a comprehensive sporting ecosystem encompassing athletes, coaches, and administrators. Through the development of sports infrastructure, the hosting of sporting events, and strategic partnerships, the State aims to make sports accessible to all its citizens.

4.3.2 STAR Program

The Vision of the Honorable Chief Minister of Meghalaya is to have Meghalaya Athletes represent India in the 2032 Olympics. The journey to achieve such an ambition required years of dedicated effort and nurturing of athletic potential. With this notion, the STAR Program was notified by the Government aimed at identifying and nurturing athletes from across the State.

In collaboration with the Meghalaya State Olympic Association (MSOA), an expert group onboarded to conduct scientific testing of over 14,500 children to understand the potential for sporting excellence. Over the year, a shortlisted group of athletes participated in an Elite Pathway Program. Further, 11 high-potential athletes were chosen to participate in a Super Elite Program, which is a residential intensive training program.

A total of ₹9.28 crores was spent on the program, significantly higher than the ₹3.38 crores spent in 2023-24 and ₹4.41 crores in 2022-23.

4.3.3 Establishing the Football Ecosystem of Meghalaya

Football in Meghalaya enjoys immense popularity, reflected in the numerous clubs that cater to both amateur and professional players. Recognizing the sport's potential for youth engagement and economic growth, the Government has launched several initiatives to enhance its profile and infrastructure. A key effort is the Mission Football scheme, which has trained 8,000 children across 111 grassroots centers, nurturing future football talent.

The State's football development is further bolstered by the construction of three major stadiums- JN Stadium, P.A. Sangma Stadium, and Wahiajer Stadium, which provide modern facilities for training and competition. A strategic partnership with North East United FC highlights the commitment to football development, including plans for a residential academy to nurture promising players. Hosting the prestigious Durand Cup has heightened football excitement and created job opportunities. Additionally, the upcoming Mawkhanu Football Stadium, set to be the largest football-specific stadium in India with a capacity of 40,000, will solidify Meghalaya's reputation as a football powerhouse.

4.3.4 133rd Durand Cup

The Durand Cup was co-hosted for the first time in Meghalaya in 2024. The prestigious event had two Shillong based clubs participate in the event, Shillong Lajong FC, and Rangdajied United FC; another first.

The success of the event was seen in the throngs of fans attending the event, with over 60,000 spectators across 8 matches, including a semi-final between Shillong Lajong FC and North East United FC, both clubs sponsored by the State. The Tournament also generated over 2,000 direct and indirect jobs in the State for the two-month duration of the event, contributing to the economy.

4.3.5 38th National Games

Meghalaya's performance in the 38th National Games, Uttarakhand, was the State's joint most successful campaign in the Games' history. All five medals were won in water sports, with four medals in Kayaking and Canoeing, and one in Rowing. Indra Sharma, a silver medallist in the Men's Slalom C1 event, is only 15 years old! The State's success is attributed to two new associations – the Meghalaya Canoe Association and the Meghalaya Rowing and Watersports Association working with support from the Government. A delegation from the State also visited the venues as observers in preparation for the 39th National Games, which shall be held in Meghalaya in 2027.

4.3.6 6th edition of the Meghalaya Games

The 6th Meghalaya Games were held in West Jaintia Hills, and the first edition in the Jaintia Hills region. Nearly 4000 athletes in event competed in 29 sporting disciplines including demonstration sports. The organization of the Games was done by the Department of Sports and Youth Affairs, in collaboration with the Meghalaya State Olympic Association and the District Administration. The Games' largest impact was the legacy left behind through infrastructure and equipment upgrades. Over 30 educational institutions and indoor halls received restoration work and renovations to accommodate competition venues and accommodation venues for the event. Further, large amounts of sports equipment procured for the event has been left for the use of the athletes of the region. The Sports Climbing Wall in Kiang Nangbah Complex is the first in Jaintia Hills. Many of the athletes also visited Jaintia Hills for the first time in their lives, creating an opportunity for them to see a new part of their State, interact with people from the region, and broaden their horizons!

For the first time, nine young athletes from the School and Centre for Hearing Handicapped Children step into the world of shooting with remarkable determination. Selected from 40 participants, they train in precision shooting, target accuracy, and firearm handling. Despite challenges, their passion drives them forward, sharpening their skills and boosting confidence. Now, they compete in the Meghalaya Games, where dreams take shape and hard work meets opportunity. With expert guidance and support from the Government of Meghalaya and the Shooting Association of Meghalaya, their potential is limitless. With every shot, a new dream takes flight—this is just the beginning.

Enriyana Momin (13, F)
North Garo Hills

Enriyana is one of the youngest athletes in the Super Elite program. She has taken to Athletics in line with the recommendations provided to her by the Data Analysts under the Program.

Her current data indicates that she has, in training, broken the State U18 Long Jump record. Should her trajectory continue as planned, she could jump 6.0 m at 16 years of age. The National record is 6.84 m.

4.4 Creativity through Arts: A Journey of Discovery & Transformation

Thrust Area 06: Creativity through Arts

Focus on creativity ignites imagination, innovation, and self-expression. This essential for overall development of the young minds.

4.4.1 Meghalaya Grassroots Music Project (MGMP)

The Meghalaya Grassroots Music Project (MGMP), launched in April 2022 by Chief Minister Conrad K Sangma, aims to nurture and celebrate the State's rich musical heritage. It supports young, local musicians by providing platforms for street performances, collaborations with local cafés, and specially curated music events. This initiative not only promotes local talent but also enhances the cultural experience for residents and visitors, fostering economic opportunities through the arts.

4.5 Nurturing the Environment

Thrust Area 05: Environment Consciousness & Social Responsibility

To safeguard the environment and preserve the nature for the future generation, it is of utmost importance for the Youth develop responsible consciousness towards it.

4.5.1 Chief Minister Youth Green Campaign Movement

The Chief Minister Youth for Green Campaign Movement aims to foster widespread awareness about cleanliness in localities, markets, villages, towns, rivers, and other surroundings. To achieve this, Government officials will collaborate with stakeholders such as schools, colleges, registered societies, and NGOs to develop comprehensive plans and roadmaps. A budget of ₹7 lakhs has been allocated for this initiative for FY 2025-26.

5. Way Forward

In Meghalaya, the youth represent a vibrant and dynamic force driving the State's progress and development. Recognizing this immense potential, the Government of Meghalaya has made youth engagement and empowerment a top priority. Through innovative plans, strategic collaborations, and proactive partnerships, the State is committed to creating an environment where the youth can thrive and contribute meaningfully to society.

From education and employment opportunities to civic engagement and leadership development, Meghalaya is dedicated to nurturing the holistic development of its youth population. However, the journey towards comprehensive youth empowerment requires sustained financial support. Adequate funding is essential to ensure the successful implementation and scalability of youth-centric initiatives across the State. By prioritizing investments in youth development, Meghalaya aims to unlock the full potential of its young population and harness their energy and creativity towards building a brighter tomorrow. With continued dedication and strategic resource allocation, Meghalaya is poised to become a beacon of youth empowerment and innovation in the region.

The 4th edition of the Youth Budget is a testament to the Government of Meghalaya's commitment to transparency and accountability in public spending on youth. The Youth Budget for FY 2025-26 is about 11.1% of the total budget estimate, similar to the allocation of the previous year. The Youth Empowerment Support Scheme (YESS!) and Chief Minister Youth Centres (CMYC) have shown significant impact in empowering youth at the grassroots level. Integrating these initiatives with PRIME can create a comprehensive support system for young entrepreneurs. Providing monetary assistance, mentorship, and training will ensure that youth organizations and individual entrepreneurs have the resources they need to succeed.

The STAR Program and Mission Football have laid a strong foundation for sports development in Meghalaya. Continuing to invest in sports infrastructure, talent identification, and training programs will cultivate a culture of excellence in sports. Hosting prestigious events like the Durand Cup and expanding grassroots programs will further enhance the State's reputation as a sporting powerhouse. By focusing on these areas, Meghalaya can continue to foster a thriving entrepreneurial ecosystem and empower its youth to drive socio-economic progress. The integration of entrepreneurship, youth empowerment, and sports development initiatives will create a holistic approach to sustainable development in the State.

Investing in the youth today paves the way for a brighter future. Through the youth-focused program, the Government of Meghalaya endeavors to nurture a generation that is both confident and competent. Youth development will play a pivotal role in achieving the State's ambition to rank among the top 10 States in the nation in terms of per capita income and Sustainable Development Goals.
